

XLW

Catalog Number: XLW
Product Type: Hand Dryer

Applications:

Used in public restrooms to enhance hygiene, eliminate waste and the associated costs of using paper towels. Save up to 90% of the cost of buying, stocking, maintaining and disposing of paper towels. A cost savings and ROI worksheet is available. Helps keep paper towels from causing septic problems. Product is GreenSpec approved and qualifies for LEED credits.

Description:

The XLERATOR hand dryer uses a breakthrough in hand drying technology. Provides 3-times-faster hand drying power. Hands are completely dry in 10 to 15 seconds. Secondary wiping is not an issue with this unit. These units are ready for use 24/7, are virtually maintenance free and come with a 5 year manufacturer's warranty. The XLERATOR is truly the best value on the market!
